Tolerance is the most lovable quality that any human being can possess. Through tolerance we must build a chain of friendship throughout the world. There is no room for pettiness or gossip, only for facts. You are 'Who's Who' in Beta Sigma Phi; how strong the chain is depends on your actions."

## ADDITIONS TO SCHOOL STAFF RECOMMENDED

Although phases of the present health and physical education program and the library services in the Gettysburg elementary schools came in for enthusiastic praise from the committee on evaluation that studied the local schools last month, the same group recommended employment of a grade school librarian and a physical education instructor there.

Reports of these subcommittees were included in the final installment of the evaluation report distributed to members of the Gettysburg Joint School Board by Superintendent of Schools H. Edgar Riegle.

The subcommittee on library services recommended the board of education and the administration for the amount of money spent for library books per child and the average number of books per child in the classroom libraries; commended the teachers for the wise selection of books for pleasure reading and praised the classroom facilities made available for the books.

## 7 RECOMMENDATIONS

The recommendation on improvement of library services included the following: That a central library be established in each building when room is available; that a paid librarian be employed to rotate between the schools; that more use be made of county library facilities; that there be a wider variety of selection of classroom library books to correlate with all subject fields; that there be developed a uniform procedure for classifying and checking out library books; that a wider variety of periodicals should be made available, and that a curriculum library including varied materials be set up for teachers.

## PRaise, SUGGESTIONS

The section of the report dealing with the health and physical education program commended the administration for the purchase of the charts, models and pamphlets used in health and dental teaching and practices; commended the grade school nurse for "her efforts and enthusiasm" in conducting her program and praised "the effectiveness of the dental health program as evidenced by the high percentage of dental corrections in the classroom."

These four recommendations were made by the same group:

Mrs. John D. Teeter and Attorney S. M. Raffensperger, co-chairmen of the general campaign, said: "This is a method which differs radically from the normal door to door approach in annual drives. It has been found that by limiting the number of calls and selecting their own prospects, volunteers are better able to explain the need for the new surgical floor at the hospital, and the six-payment plan on which pledges may be based."

Similar name selection meetings have been held in seven other areas of Adams County and Maryland during the past two weeks.

He survived, though he is hospitalized in critical condition Sunday night from his hospital bed he identified an Associated Press wirephoto of York as one of those who attacked him.

## STRANGLE 2 WOMEN

June 6—The two tried to stop a car near Aiken, S. C., but the driver kept going. Four shots were fired at the car. June 7—John A. Whitaker, 71, a Negro railroad porter, was robbed of about \$40 and his car, then shot to death at Tullahoma, Tenn. Guidroz' truck was found abandoned near the body.

June 8—Albert E. Reed, 35, Litchfield, Ill., was shot near Edwardsville, Ill., and robbed of his pistol and bright red car. Seven miles away, service station operator Martin Drenovak, 69, Granite City, Ill., was found beaten to death. He had been robbed. June 9—Otto Ziegler, 62, railroad roadmaster, stopped to help two youths apparently having trouble with their car. He was forced to drive to a lonely spot, robbed, walked to a railroad track. Then he was asked if he had any more money. He said no, and was shot.

June 10—Rachel Marian Moyer, 18, doing summer work as a hotel maid, met two boys at a carnival in Craig, Colo. She offered to show them a good fishing spot and, once there, was robbed and told to start walking. As she strode angrily away, she was shot three times.

INDIANAPOLIS, Ind. (AP)—Lightning struck a youngster and his pet cocker spaniel as they romped Sunday in the front yard of the boy's home. The boy escaped with burns; his dog died. Patrick Conner, 13, was holding a metal leash while the 2-year-old dog, Lucky, played at his feet, when the bolt struck. It knocked the boy down and tore off his trousers.

## PFA Is Opposing House Bill 1636

House Bill 1636, which has been introduced in the House Committee on Agriculture, prohibits the spraying of any poison chemical in orchards, and the use of Endrin in particular which is sprayed on the ground to control mice.

The Pennsylvania Farmers' Association is opposing this bill pointing out that "every chemical used for spraying today is poisonous to some extent."

Orchardmen in Adams County are using chemicals for the control of mice. According to Dr. John O. Pepper, Penn State University, Endrin is in wide use throughout the United States, and no proof has been submitted that it will kill pheasants or other game.

Orchardmen have considerable damage each year by mice killing young fruit trees. The replacing of hundreds of trees each year in Pennsylvania is not only expensive to farmers, but to consumers as well. Unnecessary expense to farmers, such as replacing trees because of mice damage can be largely eliminated by using chemical sprays, the PFA noted.

## Indians Take 2 To Boost Lead; Yankees Sweep Two Move To Within 2 Games

By JOE REICHLER

Associated Press Sports Writer

Reserve outfielder Chuck Essegian drove in five runs with a pair of homers in the first game and doubled home the winning run in the ninth inning of the second as the Cleveland Indians swept a Sunday doubleheader from Kansas City, 7-3, and 4-3.

The double victory boosted the Indians' first place lead over Detroit to a game and a half as the Tigers were held to a split by the Washington Senators. The Tigers had to go 11 innings to win the second game 7-6 after losing the opener 7-3.

The New York Yankees climbed to within a half game of the Tigers by sweeping a pair from Los Angeles, 2-1 and 5-1. Boston defeated Minnesota 8-2 in the first game but the Twins won the second 10-5. Baltimore beat Chicago 8-2 in their first game, with the White Sox winning the second 7-1.

### RELIEFERS WIN

Both Cleveland decisions were gained by relief pitchers, Dick Stigman, making his first appearance after being carried on the disabled list, pitched one-hit ball in four innings of relief, to register the first game victory. Barry Latman, who surrendered the tying run in the eighth, pitched 1-3 innings of relief in the nightcap to gain his sixth victory.

Second baseman Danny O'Connell helped Washington right-hander Joe McClain gain his sixth victory, driving in three runs with a single and two doubles in the opener. Steve Boros drove in Detroit's winning run in the second game with a bases-loaded single in the 11th. The Tigers smashed seven home runs in the twin bill. Norm Cash hit his 15th and 16th in the first game and added his 17th in the nightcap.

Home runs were responsible for the Yankee victories. Yogi Berra smashed two in the first game for both Yankee runs. Roger Maris hit his 19th and 20th in the nightcap and Mickey Mantle hit his 18th. Right-handers Ralph Terry (4-0) and Roland Sheldon (3-2) were the winning pitchers.

### SPLIT WITH SOX

Chuck Estrada of Baltimore stifled the White Sox with three hits in the opener, one until two out in the ninth. Ronnie Hansen drove in three Orioles runs with three singles. Billy Pierce hurled a six-hitter and first baseman Roy Sievers got four hits and three RBIs in the White Sox second game victory.

Rookie Don Schwall pitched his fifth Red Sox victory without a

defeat although he had to leave in the seventh inning of the first game because of a muscle spasm in his back. Two home runs by Don Buddin and one by Jackie Jensen accounted for all Boston's runs. Harmon Killebrew and Bob Allison homered and drove in three runs apiece as the Twins won only their third game in the last 20.

## TIES CENTURY MARK AT 9.3

VILLANOVA, Pa. (AP)—A trio of speedsters are scheduled to meet this weekend in the big NCAA track and field meet at Franklin Field if Dennis Johnson's pulled tendon heals.

And just to make things more interesting Villanova's Frank Budd tied the 100-yard world record of 9.3 seconds for the second time this season in the Middle Atlantic Association AAU track meet Sunday.

So all eyes will be watching to see how Budd does against Johnson, of San Jose, with four 9.3 performances this year, if he competes, and Harry Jerome, of Oregon, who also has matched the world standard.

### BUDD TAKES THE 220

Budd also took the 220 in 20.3 but Villanova finished second to the Philadelphia Flyers who successfully defended their MAAAU crown. The Flyers finished with 51 points. Villanova with 41.

Delaware Valley and the Penn AC finished in a tie for third place each with 26 points followed by Penn State with 24. West Chester 15, St. Joseph's and Harrisburg AA 9, LaSalle 4 and Lansdale T & F 3.

Bob Brown of Penn State finished in the 100.

In the mile, St. Joseph's Kevin Quinn let Penn State's Howie Deardorff set the pace, then sprinted ahead on the backstretch and pulled away to victory in 4:13.4.

Penn State's Steve Moorhead finished second in the 3,000 meter steeplechase.

### WINS FEATURE RACE

OLD BRIDGE, N.J. (AP)—Joe Kelly of Conshohocken, Pa., Sunday night captured the feature stock car race at Old Bridge Stadium. The race was 25 laps or 12 1/2 miles. Because of minor accidents no time was recorded for the race.

Three of the top teams in the South Penn Baseball League copped victories Sunday afternoon.

Unbeaten Arendtsville made it seven straight by rallying in the late innings to defeat Gettysburg 7-4 at Arendtsville. The home team broke a 4-4 tie with a pair of runs in the last of the seventh inning and then added an insurance run in the eighth. Orner led Gettysburg with a single and home run while Shields and Wetzel each contributed two hits. Bushman and Taylor rapped a pair of singles for Arendtsville.

Littlestown kept right on the heels of the league leaders by taking advantage of Fairfield miscues in the first two innings to score five runs and went on to a 5-3 victory at Fairfield.

Chet Cornwell started on the mound for Fairfield and was relieved in the fourth by Guy Weikert who blanked Littlestown the remainder of the game during which he allowed but one hit.

Spence, Sites and Mort each poled a double and triple, respectively. Mort's triple with the bases loaded in the eighth inning drove in all of Fairfield's runs.

### FIRST VICTORY

McSherrystown came through with its first victory after seven losses by coming from behind to nip Cashtown 7-6 at Cashtown. The home team built up a 4-0 lead in the first five innings during which Ronnie Kump allowed McSherrystown but one hit and fanned eight. Carson finished for Cashtown and was charged with the loss. John Singley collected four hits for Cashtown and drove in five runs. Livelsberger blasted a trio of hits for the winners while Weaver turned in excellent relief hurling for them.

In other games Hunterstown pounded out a 15-7 victory at Hunterstown. Taneytown blasted invading Mummasburg 10-5 while Harney blanked Brushtown 8-0 on the latter's field.

## SPOTLIGHT ON KELSO IN BIG STAKES RACE

By JOHN CHANDLER

Associated Press Sports Writer

Bowl of Flowers blew the \$87,375 Mother Goose Stakes, duplicating Carry Back's loss in the Belmont Stakes a week earlier, so the spotlight is smack on Kelso next Saturday in the \$50,000 added Whitney Stakes at Belmont Park.

Kelso is the 1960 "Horse of the Year" and those who watched him come from out of the clouds on Memorial Day to win the \$100,000 Metropolitan Handicap at Aqueduct by a last minute jet-job could never forget it. He beat the Cain Hoy Stable's All Hands by a whisker at the wire. Kelso must pack 130 pounds in the Whitney, same as for the Met mile, his eighth straight victory.

### FAVORITE LOSE

Bowl of Flowers, 1960 champion 2-year-old filly from the Brookmeade Stable, was the 4-5 favorite in the Mother Goose Stakes, but Ogden Phipps' Funloving got home first in a stirring finish. The Mother Goose was the second of the triple crown for fillies. B.O.F. won the opener, the \$30,000 Acorn Stakes May 20. The third in the series for fillies is the \$100,000 Coaching Club American Oaks at Belmont June 24.

Funloving (\$9.90) had won the Black-Eyed Susan Stakes at Pimlico May 19, skipping a chance to hook up with Bowl of Flowers in the Acorn. Bobby Ussery sent Funloving to the front at once and she stood off Bowl of Flowers' late charge to win by a head. She earned \$56,793. It was the fifth straight score for Funloving and the first loss for Bowl of Flowers after six consecutive victories.

### WINS DRUMMOND STAKES

It was a big afternoon for Sunny Jim Fitzsimmons, 86-year-old dean of American trainers. He sent Broadway, another filly owned by Phipps, to Delaware Park, and this 2-year-old half sister to Funloving romped off with the \$24,150 Polly Drummond Stakes.

Broadway, unbeaten in three starts, won the Polly Drummond by a length and three quarters from C. T. Chenery's Cicada, and paid \$6.

There was another major upset on the West Coast, where the Alben Ranches' Four-and-Twenty finished seventh and last in the \$32,700 Argonaut Stakes at Hollywood Park. Four-and-Twenty, who won the \$100,000 Santa Anita Derby but ran out of the money in the Kentucky Derby, was the heavy favorite in the race won by an outsider, Verne H. Winchell, Jr.'s Mr. Amana.

Jack Hogan's Oink (\$7.40) won the \$27,800 Citation Handicap at Washington Park by a length over Mrs. V. E. Smith's Bass. Clef Jockey Johnny Sellers, who won the Kentucky Derby and Preakness with Carry Back, rode Oink and wound up the afternoon with five winners.

WELLATTENDED  
CHILDREN'S DAY

## REDEEMER'S NEWS

A combined worship service and Children's Day program was held in Redeemer's United Church of Christ Sunday at 10 a.m. There was a presentation, "The Earth is the Lord's," by members of the Nursery, Kindergarten, Primary

and Junior Departments, under the direction of their superintendents and teachers. The pastor, Rev. Glenn Finchbaugh, delivered a sermon on the subject "In Color Only." The morning message was on the theme "What I Like About Young People." The bulletins were given by Mr. and Mrs. George C. DeHoff in memory of their paternal grandparents, Mr. and Mrs. Emanuel DeHoff. Young people were reminded to register as soon as possible to attend Camp Michaux this summer.

As the worshippers left the church, they were invited to view the handiwork of the Sunday School pupils, for the second quarter, as they passed the display tables arranged in the narthex. Also in the narthex, orders could be placed for pictures of the Cherub and Junior Choirs.

Redeemer's Senior Choir will not practice this week. There will be food, fun and relaxation for all age groups at the annual Sunday School picnic next Saturday at Taneytown Memorial Park. Those desiring transportation will gather at the church at 1:30 p.m. The summer preparatory service will be held next Sunday at 10:30 a.m. with Holy Communion on June 25 at 8:30 and 10:30 a.m. H. Dean Stover, a teacher in the Littlestown High School, will be the guest speaker in the Adult Department of the Sunday School, next Sunday at 9:30 a.m. for a special Father's Day service.

## RECEIVES DEGREE

Rev. Kenneth D. Sell, son of Mr. and Mrs. Stanley R. Sell, E. King St. Extd., received his Master's degree in Education on Saturday at the 100th commencement exercises at Pennsylvania State University. He is a 1963 graduate of the Evangelical and Reformed Theological Seminary, Lancaster; graduated in 1960 from Ursinus College, Collegville, and was valedictorian of the class of 1946 of Littlestown High School.

Says Red China Is More  
Dangerous To U.S. Than  
To Russians At Present

EDITOR'S NOTE — Sometimes

the Red brothers, China and the Soviet Union, show signs of falling out. Is there a serious cleavage that will help anticommunists by splitting the opposing forces? Here is an appraisal from an American correspondent who has spent the last 20 years in Europe and Asia. Now chief of the AP bureau in Moscow, he is currently on home leave in the United States.

By PRESTON GROVER

Associated Press Staff Writer

The question of Russia's worry over its conflict with China is raised so persistently here in the United States that it prompts a counter question:

Whose problem with China is greater — Russia's or the United States?

The question is raised so often you begin to suspect that Americans wish Russians would have more trouble with China so the United States wouldn't have so

years as a missionary to Honduras, has been in educational work during the past three years here in the states. Rev. and Mrs. Sell and their children, Peter and Rebecca, will spend several days with his parents and he will continue to do missionary work in the area, until the family returns to Honduras in August. Mr. and Mrs. Stanley Sell attended the commencement, along with their son and daughter-in-law, Mr. and Mrs. Dean J. Sell, Philadelphia. The latter Mr. Sell recently completed his third year of medical school and began his Senior year today at Temple University Hospital.

much.

## ACUTE TROUBLES

Two years of living with this and other Russian questions in Moscow lead this correspondent to believe that Russia's immediate danger from China is less than half as great as many Americans seem to think — and probably not as great as that of the United States. At least not right now.

In general this is the opinion of a large body of diplomatic and other trained observers who—in the shadow of the Kremlin—must make the best estimates they can.

American troubles with China are acute enough. This country is trying to build a retaining wall to keep Chinese communism from spreading its influence elsewhere in Asia, particularly in the southeast.

## THEY'RE COMPETITORS

Russia's problem starts on a different level.

China and Russia are competing for dominance in the Communist world. So far the Russians are well ahead. But the going is not easy.

Two regions of conflict already have developed — Albania, lying across the Adriatic from Italy, and Mongolia, high in the plateau country of Central Asia.

There probably is a third, Russia has moved in to become the big friend and protector of North Viet Nam's victory over the French.

## ALBANIA PAINFUL

To the north, Mongolia is an underprivileged, underdeveloped underdog in the Communist

world. Russia in a big brother manner has been helping it for a generation, sending money, technicians and political teachers. China began sending technicians into Mongolia a few weeks ago, and has offered material help as well. Albania is more painful for Russia. This tiny country has been Russia's only foothold on the Mediterranean since Russia's quarrel with Tito.

The Albanian situation leads straight back to the ideological clash between Khrushchev and Mao Tze-tung, communism's leader in China.

## DIFFER IN THEORY

Ever since he came to power Khrushchev has promoted the theory that communism could absorb the western world bit by bit without resorting to war.

Mao Tze-tung holds that war is an inevitable necessity for shaking down capitalist regimes.

At the big Communist conclave in Moscow last November a month-long debate brought endorsement of Khrushchev's peaceful coexistence approach to bringing down the capitalist world without war.

Enver Hoxha, Communist party chief in Albania, sided with China. After a bitter exchange Khrushchev jumped on him so hard he went home.

## NO FORMAL BREAK

There is no formal break but Hoxha has jailed a lot of Khrushchev sympathizers, and even had some shot, according to reports coming out of the barren little Red republic.

Immediately China stepped in by sending technicians and money.

Yet this is just fringe fighting between the two big Communist powers. To industrialize, China needs Russian help. She is getting it, although there are signs the amount has been trimmed since the big party fight last November.

Science Shrinks Piles  
New Way Without Surgery  
Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were

so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name Preparation H®.

At all drug counters.

Elderly May Soon Be  
Able To Vote What  
They Want Into Being

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

The ability of old folks to vote themselves what they want grows year by year. In 40 years the percentage of the population 65 or over has grown from 8.1 to 15.4.

The numbers of our elderly will double in another four decades—we now have a million people over 65 years old, an increase in this

age bracket of 920 per cent since 1920.

ODDITY ON AGE

But here's an oddity about longevity: Women have more ailments requiring bed rest than men do—but they live more than six years longer!

A nation on wheels: Three out of four U.S. families now have one or more cars.

Bowling now is crowding fishing for the honor of being America's top participant sport. But in the third century bowling at pins wasn't a game but a religious ceremony.

NOTABLE QUOTE

Odd legislation: A town in Colorado once had a law banning residents from permitting dandelions to grow in their front yards.

Our quotable notables: "Doctor will have more lives to answer for in the next world than even we generals." — Napoleon Bonaparte.

Fashion note: Almost every savage tribe has considered it stylish to wear earrings. In the past these beauty ornaments have weighed up to three pounds.

Weather fact: Somewhere the earth is always in storm. An average of a hundred lightning bolts flash every minute of the day.

WHOLE IS BIGGEST

Do you feel our current crop of teen-agers is pretty poor? Well, it is only normal to pick on the younger generation.

Socrates, the wisest man of ancient Greece, complained, "Our youth now loves luxury. They have bad manners, contempt for authority; they show disrespect for elders, and they love to chatter instead of exercise."

Signs of the times: At the Del Pazzo bar here: "If you're drinking to forget—please pay in advance."

What is the largest creature that ever lived on land or sea? Not the dinosaur but the blue whale, still very much alive. It reaches a length of 100 feet and a weight of 150 tons. Some whales at birth weigh twice as much as a large elephant, the second biggest mammal.

BACHELOR'S CHANCES POOR

Your heart is a strong slave. Each day it pulses enough energy to lift 80 tons.

How far can you broad jump? Your own length? Well, the little cricket frog can hop 40 times its length from a standing start.

The sad truth: "Your money may not go very far nowadays, but somehow it always seems to be able to make it to the tax collector."

If you want to live in the White House, first get a wife. Only two bachelors, James Buchanan and Grover Cleveland, and two widowers (Thomas Jefferson and Martin Van Buren) were elected U.S. president.

Start Drills For  
Buffalo Grid Game

BUFFALO, N. Y. (AP) — Sixty newly graduated seniors, the cream of last season's collegiate football corp, start drills this week for the first All-America Bowl game here June 23.

Nine All-Americans will be on hand for the game, the first of what is hoped will become an early-summer grid classic.

The lineup includes ends Mike Ditka of Pitt and Danny LaRose of Missouri; tackles Bob Lilly of Texas Christian and Ken Rice of Auburn; guards Ben Balme of Yale and Tom Brown of Minnesota; center Roy McKasson of Washington, and backs Pervis Atkins of New Mexico State and Joe Bellino of Navy.

The 30-man east and west squads will clash under the lights at Buffalo's 40,000-seat War Memorial Stadium.

Duke's Bill Murray and Rip Engle of Penn State will coach the East and Jim Owens of Washington and Murray Warmath of Minnesota the West.

SKYLINE LOOP  
IS DISSOLVED

SALT LAKE CITY (AP)—The Skyline Conference officially broke up here Sunday, paving the way for four of its eight member schools to pursue a more ambitious athletic future in a new league.

The long-rumored breakup becomes effective June 30, 1962, although football schedules will be played through 1963.

The unanimous decision to break up the 23-year-old league, known formally as the Mountain States Athletic Conference, came at a meeting of the president's council, the policy-making body for the circuit.

SCHOOLS INVOLVED

Thus, Utah, Wyoming, Brigham Young University and New Mexico will be free to affiliate in a new league with Arizona and Arizona State.

The action makes orphans of Utah State Colorado State University, Denver and Montana. However, Denver has already dropped intercollegiate football.

Montana announced a sharp de-emphasis last year and Utah State indicated it has offers of new affiliations.

The official statement announcing the breakup hinted at the long growing gulf between the four orphans and the four schools which want into a more prestigious affiliation.

437 caves in 55 of its 114 counties (Delaware is reported to be the only state without caves.)

The push button automatic elevator is now commonplace in most new office buildings. But many early day elevators were operated by steam engines.

It was Dr. Beran Wolfe who observed, "If you live only for yourself, you are always in immediate danger of being bored to death with the repetition of your own views and interests."

PLANNING FOR  
ECUMENICAL  
COUNCIL MEET

VATICAN CITY (AP) — A central committee of cardinals opens a 10-day conference here today to prepare for the Ecumenical Council of the Roman Catholic Church. Pope John XXIII heads the committee and expects to preside at most of the sessions.

The Ecumenical Council, which will be the church's 21st worldwide gathering, is still at least a year away.

It will be the first since 1870, when the church lost the city of Rome to invading troops of what was becoming modern Italy. The 20th council, then in session, was adjourned.

A MAJOR FORCE

Despite the loss of Rome and of the papal states that once were spread over a large part of central Italy, the power and influence of the church has grown.

Today, it has a membership of nearly a half billion and diplomatic relations with about 50 nations. The Roman Catholic Church stands as one of the major forces against the threat of atheistic communism.

The church's senate—the College of Cardinals—has, under Pope John, been expanded far beyond its old limit of 70. It now has 84.

RACES REPRESENTED

Since the last Ecumenical Council, the college has seen the addition of Negro, Japanese, Chinese, Indian and Filipino cardinals — making it representative for the first time of all the major races.

All of this group are among the 50 cardinals on the central committee. Others include Francis Cardinal Spellman, archbishop of New York.

The general discussion is calculated to assist Pope John in formulating a decree setting forth the council's procedure.
